Join us for Computer Science Education Week
December 9-15, 2024

Computer Science Week and Hour of Code is available to everyone!

Computer Science Education Week is a yearly event the first full week of December to raise awareness of the rich educational and career opportunities available in Computer Science.

Hour of Code is a global movement introducing students worldwide to computer science, inspiring kids to learn more, breaking stereotypes, and leaving them feeling empowered.

These easily scaled events introduce and celebrate Computer Science any time of the year, but with most events taking place during **#CSEdWeek.**

Classrooms in schools all over Idaho participate in CS Week and Hour of Code. Students can also try **hourofcode.org** exercises from home!

For questions about how you can get involved with computer science in Idaho, contact Katie Bosch-Wilson, STEM Education Coordination Officer:
katie.boschwilson@stem.idaho.gov

Why is computer science important?

Idaho's technology sector is one of the fastest-growing in the nation, and **80% of jobs will require these skills** in the near future. Computer science helps equip you with the skills you need to succeed in any field!

Learn more and register your classroom for an Hour of Code by **November 1, 2024.**

Are you an Industry Professional?

Volunteer during CS Week! Use the QR code above to register.
